

A Diocese of California Family Event  
**Butterfly Day!**

**Visit a butterfly habitat created by students at a local high school!**

See how a butterfly develops from an egg into a chrysalis becomes a butterfly! Learn about host plants butterflies depend on! See God's beautiful gifts to us and learn how we can protect them! We will also make small succulent gardens you can take home!

A beautiful day trip for our Diocese of California Catholic families and friends, with guides speaking English and Espanol and will conclude with pizza for lunch!

This is the first event organized by our DC Youth Council to encourage sharing across all our parishes, as Bishop +Armando has encouraged us to do! We will have the opportunity to meet families from all of our parishes, large and small!

Our goal is to create interesting, educational, and spiritually uplifting events that bring kids, families, and parishes together!

**When:** Saturday, April 27<sup>th</sup>  
10:00 am

**Where:** Saint Matthew and Holy Trinity Churches for rides to the event

**Reserve your spot today!**

Please text to 714-606-4365  
no later than 4/24/19
