

# 2020 Ministry Objectives

The Environmental Stewardship Ministry’s purpose is to create awareness in our congregation about caring for our earthly home. This ministry will provide information on energy efficiency, decreasing consumption and waste within our church campus, and initiatives we can do in our own home. We will give practical information on the three R’s: Reduce Reuse and Recycle. We will also look at the spiritual aspect of environmental stewardship as a call from our Creator to care for the Earth.

Ministry Leader / Moderator	Mariah Doyle-Sandoval
Parish Council Liaison	Mariah Doyle-Sandoval
Clergy Council Liaison	Deacon Adelia Sandoval
